

These 6 Pillars Create a Great Work Culture

Personality and Communication

Having self-aware people that balance IQ and EQ and can convey it.

Vision

Employees feel they are part of a future that is progressive and attainable.

Values

Having unique and specific values that are lived with courage.

Behavior

Expected behavior should be known, understood, and accountable.

Collaboration

Removing functional, political, and mental barriers enabling internal engagement.

Innovation

Encouraging and elevating curious, adventurous, and courageous thinking.
